## The Four-Way Test

Is it the truth?

Is it fair to all concerned?

### Last Week' Program with Dean Markam

Dean gave us a most interesting and enjoyable speech as he described the Virginia Theological Seminary. He gave us some of the history of the seminary and it's founding in 1823 to train Episcopal priests to help rebuild the numbers so priests needed by the American church to replace those who'd returned to England during the Revolutionary War era. This is now the strongest seminary in the American Episcopalian church having provided over 80 bishops. Many questions afterwards with long answers.

### Mary Ann Kara's Attendance Quote for Today

In memory of **Bill Ginn**: Bill always said that he would never tell blonde jokes because his wife was a blonde and then he would proceed to tell one. Did you hear about the blonde who called the county to have the Deer Crossing Sign removed from her road. It seems that too many deer were being hit by cars. We will miss you, Bill.

### At the End of This Month We Are Loosing Another Good Rotarian

**Weldon Joe** lives down near Colonial Beach and works mostly at the Patient River Naval Air Station. I think he might plan to join a Rotary club down there. We will miss him and besides being a nice fellow he's been a very good Rotarian.

### Bill Ginn's Funeral Information

There will be a viewing at Demine Funeral Home in Alexandria June 17th from 4 to 8 pm. The service will be at Arlington National Cemetery September 24th at 11:00am at the old chapel at Fort Myers, with the burial and reception to follow. Bill requested that in lieu of flowers, contributions be made to the Rotary Club of Alexandria and MOA of Mount Vernon Scholarship Fund. (Note: that these days there is always a back up for burial in Arlington)

I have six locks on my door all in a row. When I go out, I lock every other one. I figure no matter how long somebody stands there picking the locks, they are always locking three. (Elayne Boosler)

### Mary Ann's Karau's Attendance Quote for Today

"I wanted to have a career in sports when I was young, but had to give it up. I'm only six feet tall, so I couldn't play basketball. I'm only 190 pounds, so I couldn't play football. And I have 20-20 vision so couldn't be a referee." (Jay Leno)  
Come to our weekly Rotary meetings where you will always fit in, no matter what.

### Snow Quotes (Boy, We Certainly Had a Bunch of Snow)

**Snow** and adolescence are the only problems that disappear if you ignore them long enough (Earl Wilson)

Some days I would go without any fire at all, and eat raw frozen meat and melt **snow** in my mouth for water. (Buffalo Bill)

Some of the wise boys who say my music is loud, blatant and that's all should see the faces of kids who have driven a hundred miles through the **snow** to see the band...to stand in front of the bandstand in an ecstasy all their own. (Stan Kenton)

I used to be **Snow** White, but I drifted. (Mae West)

### Report on Tom Fields Illness

Tom has had a rough time and it got so bad they wondered if he was going to recover. The last report is that he is sitting up and improving everyday but is still in ICU at the Indian River Hospital in Vero Beach, FL. Praying does some wonderful things and all his relatives and friends are doing just that. Nothing on Bill Ginn.
